### Slide 3

---

**MF1** Add icon with stats and move to right window under fatalities graph (keep the bullets in the left window; just duplicate the information via infographic to the right). May need to shrink the fatalities graphic some (I could cut out the 0-200 range).

Forsberg, Mike, 2025-09-12T18:11:26.200

**RS2** Did you know % - panels

Radil, Sara, 2025-09-16T21:58:00.125

**RS2 0** option slide to hide

Radil, Sara, 2025-09-16T21:58:09.859

**RS3** Urban vs rural stat here

Radil, Sara, 2025-09-16T22:02:03.028

### Goals & Objectives

- Improve safety through public awareness, behavior change and compliance
- Educational videos explaining the use and benefits of treatments or how to safely navigate situations
- Provide customizable materials toolkit to local entities to promote safety while maintain mobility

COMMUNICATING SAFETY: Using Video and Outreach to Educate Today's Travelers

---

---

---

---

---

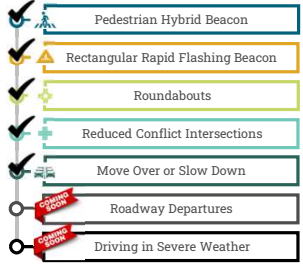

---

---

---

### Topic Selection

- 1 New transportation safety solutions in local communities and unfamiliar drivers
- 2 Addressing severe crash situations
- 3 Public questions/comments – social media review
